V. **Rationale for Association’s Policies/Guidelines Regarding Electric Vehicle Charging Stations:**
 The Deed Restrictions for the numerous Sections within the Association's jurisdiction generally provide in part as follows: (i) the Subdivisions shall be used for private single family residences only; (ii) no business or commercial activity, for profit or not, shall be permitted on any Lot; (iii) no multi-family use shall be permitted on any Lot; (iv) no noxious or offensive activity of any sort shall be permitted on any Lot; (v) the Association is the representative for the owners of the Lots in the Subdivisions; (vi) the Association's Architectural Review Committee (“ARC”) has the authority to approve or disapprove/deny exterior modifications to Lots; (vii) an ARC denial/disapproval may be appealed to the Association's Board of Directors; and (viii) the Association has administrative

authority regarding the Subdivisions.

VI. ASSOCIATION'S POLICIES/GUIDELINES REGARDING ELECTRIC VEHICLE CHARGING STATIONS:

The following Association Policies/Guidelines regarding Electric Vehicle Charging Stations was approved by at least a majority vote of the Board of Directors of Sugar Creek Homes Association (the "Board"), at a duly called Meeting of the Board held on the 18th day of June, 2024, at which open Board Meeting a quorum was present:

1. An Electric Vehicle Charging Station ("EVCS") must be wired and installed in accordance with the manufacturer's guidelines and recommendations, and must also comply with vehicle manufacturer's guidelines and recommendations.
2. An EVCS must be installed by a licensed electrician in accordance with all Federal, State, County, Local and City Governmental regulations and requirements.
3. An EVCS must be installed so as not to be in public view. "Public view" is defined herein to mean at any location visible from any street, visible from any other Lot within the Subdivision(s) and/or visible from any Common Area within the Sugar Creek Subdivision(s). Further, an EVCS charging cord or charging cords, when in use or otherwise, may not be located in public view.
4. An EVCS proposed to be installed in any exterior location (i.e., any location not within an enclosed garage) must receive the advance written approval of the Association's ARC. The advance submission to the ARC of a completed, signed and dated Home Improvement Application (accompanied by detailed plans and specifications, brochure, schematics, drawings and site plan) is required. Any ARC denial/disapproval of such a request will provide the rationale for the ARC's decision.
5. The Lot Owner(s) or occupant(s) may not charge others for use of any EVCS, and the EVCS must be for the use of the single family occupying the premises.
